

Session Program

5-8 May 2026

15th Nordic Meeting on Nuclear Physics

Fundamental Symmetries

Gotland, Visby, Bryggarsalen
Visby Strand Hotel

Tuesday 5 May

16:00

Fundamental Symmetries

Session | **Location:** Gotland, Visby, Bryggarsalen, Visby Strand Hotel | **Convener:** Hans Fynbo

16:00–16:25

Exploring light Z' -bosons and neutron skin with Coherent Elastic neutrino Nucleus Scattering at the ESS

Speaker

Johan Rathsman

16:25–16:45

Experimental aspects of a potential program in neutrino physics at ESS.

Speaker

Joakim Cederkall

16:45–17:05

High-Precision Searches for Baryon Number Violation using HIBEAM

Speaker

Matthias Holl

17:05
