

Session Program

31 August 2026 to 4 September 2026

PSD14: International Conference on Position Sensitive Detectors

***Applications in security, environmental
imaging and nuclear physics***

Queen Mary University of London, London, UK, Mile End Campus: Graduate Centre Foyer and Peston
Lecture Theatre

Thursday 3 September

15:30

Applications in security, environmental imaging and nuclear physics: Applications in security, environmental imaging and nuclear physics

Session | **Location:** Peston Lecture Theatre | **Convener:** Dr David Smith

15:50–16:10

Commissioning of the Gas Ionizing Reactions Array for Fission Fragments Experiments (GIRAFFE) at FRIB

Speaker

Iulia Maria Harca

16:10–16:30

Run 3 experience with the ALICE ITS2: operation, performance and lessons learned

Speaker

Jian Liu

16:40
