

Session Program

15-17 Apr 2019

**Workshop on the Circular Electron-Positron
Collider**

***Precision measurements: Higgs and
Electroweak***

Oxford

Monday 15 April

14:00

Precision measurements: Higgs and Electroweak

Session | **Location:** Room 8 | **Conveners:** LianTao Wang, Yaquan Fang, Zhijun Liang, Matthew Philip Mccullough

14:00-14:20 **HL-LHC Higgs physis**

Speaker

Marianna Testa

14:20-14:40 **Higgs combination at CEPC**

Speaker

Kaili Zhang

14:40-14:55 **Higgs to tautau at CEPC**

Speaker

Dan YU

14:55-15:15 **EW measurement overview**

Speaker

Zhijun Liang

15:15-15:30 **WW threshold scan**

Speaker

Peixun Shen

15:30-15:50

Theory requirements and possibilities for future high energy and precision frontier lepton colliders

Speaker

Janusz Gluza

16:00
