

Particle Accelerators and Beams Conference 2026

30 June – 1 July 2026 | Lancaster

Institute of Physics – Response to UKRI

4 ‘asks’ of Government

- Slow down the funding decisions currently planned for summer & undertake meaningful consultations
- Carry out and publish a full impact assessment
- Answer vital questions about the level of cuts
- Stabilise the physics ecosystem during the consultation

<https://www.iop.org/physics-community/research-funding-changes/iop-asks>

What can the community do to help ?

3 Questions for physics communities

- Need further intelligence
- Continuing feedback on existing and potential impacts
- Comments on IoP's 'four asks' & where we should go from here.

Thank

Particle Accelerators and Beams Conference 2026

30 June – 1 July 2026 | Lancaster

Thank you

- Sponsors – Institutions and Commercial
 - *Rapidscan, Elekta, Microwave Amps*
- Everyone for attending
- Lancaster University
