

Session Program

14-17 Sept 2026

Illuminating the Active Universe: Multi-Wavelength and Multi-Messenger Insights into AGN

AGN Feedback

ESO, Auditorium Telescopium

Thursday 17 September

10:00

AGN Feedback

Session | **Location:** ESO, Auditorium Telescopium

10:00–10:30

AGN feedback: a multi-phase and multi-scale challenge

Speaker

Vincenzo Mainieri

10:30–10:50

Blue LERGs and a Missing Evolutionary Axis in Radio-AGN Unification: Small-Scale Jets, Mergers, and Warm Molecular Gas

Speaker

Swetha Sankar

10:50–11:10

The Properties and Morphology of Highly Ionized Coronal Line Outflows in Nearby Jetted AGN

Speaker

Payel Nandi

11:10
