International Union of Pure and Applied Physics

Nomination for the Year (YYYY) IUPAP – Interdisciplinary Early Career Science Prize overlapping fields covered by at least two from among different Commissions, Affiliated Commissions, Standing Committees, and Working Groups.

Important notice:

- *Consider diversity and under-represented groups, including candidated from the developing world, when submitting a nomination.*
- *Self-nominations are not allowed.*

Nominee Information

Name (Last, First, Middle): _____

Education (Highest degree, year, and place): _____

The nominated candidate must have obtained their PhD not earlier than 8 years before 1 January of the year of award. Candidates who obtained their PhDs earlier may be considered as long as they had experienced justifiable career interruptions. In such case, the interrruption(s) should be clearly explained and a waiver should be requested in the nomination letter. Additional documentation to support the request might be required before the evaluation process. Nomination letter should list at least two Commissions, Affiliated Commissions, Working Groups that specialize in the fields impacted by the work of candidate.

Current position and Institutional affiliation: _____

Work address: _____

Telephone number: _____ Email: _____

Suggested citation (no more than 30 words)

_____

Statements signed by nominator
(please check the boxes)

To the best of my knowledge, there are no concerns that IUPAP should be aware of regarding the expectation that the nominee meets the commonly held standards of professional ethics and scientific integrity.
☐ I confirm. ☐ Other (if Other, please elaborate in nomination letter).

To the best of my knowledge, the candidate is not currently under consideration for another IUPAP Early Career Scientist Prize including the Interdisciplinary Early Career Science Prize
☐ I confirm.

Nominator information

Name: _____ Affiliation: _____
Position and Title: _____Telephone number:_____
Email: _____
Signature: _____ Date: _____

Please see the following page for instructions on how to prepare and submit the nomination package

The nomination package must include (this is the minimal list; please add other items as decided by the Commission):

- The above nomination form filled out and signed by the nominator.
- A nomination letter by the nominator which should include the suggested citation and a description of the candidate's most significant achievements and contributions, highlighting those that make the case for the award. In case that career interruptions are to be considered, the letter should include a clear explanation of why this is the case (*during the evaluation process additional documentation to support the request might be required*). If "Other" is chosen in the checkbox regarding the expectation that the nominee meets the commonly held standards of professional ethics and scientific integrity, an elaboration on this choice should be included in the letter.
- Two letters of support
- *Curriculum vitae* of the candidate

The documents should be combined into a single pdf file labeled *Surname_ECSP_C#.pdf*, where *Surname* is the candidate's last name and # is the Commission number. Please limit the file size under 10 MB.

The nomination should be sent by the nominator before the deadline by email to the Commission Chair or to the person designated by the Commission in charge of receiving the nominations.
