International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Conference Categories

| Conference Type | Attendees | Conference Type Description |
|---|---|---|
| Type A (General) | 750 - 1000 | Provide broad view of entire field of commission |
| Type B (Topical) | 300 - 600 | Concentrate on broad subfield (eg Heavy Ion Physics) |
| Type C (Special) | 50 - 200 | Concentrate on specialized topics |
| Type D (DC Workshops) | | A category introduced to meet the needs of developing regions. All type D conferences submitted through C13. |

# IUPAP Conference Support Funding Trends

| Conf. Type | Attendees | Amount Granted | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| | | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | 2024 | 2025 | 2026 |
| Type A (General) | 750 - 1000 | €06 000+ | €06 000+ | €07 500+ | €07 000+ | €07 000+ | €08 000+ | €08 000+ | CHF 09 000 | CHF 09 000 |
| Travel Grant A | | €04 000 | €04 000 | €04 500 | €04 500 | €03 000 | €03 000 | €03 000 | CHF 03 000 | CHF 03 500 |
| Type B (Topical | 300 - 350 | €05 000 | €05 000 | €07 000 | €06 500 | €05 500 | €06 500 | €06 500 | CHF 06 000 | CHF 06 500 |
| Type C (Special) | 50 - 200 | €00 000 | €00 000 | €00 000 | €00 000 | €00 000 | €00 000 | €00 000 | CHF 00 000 | CHF 00 000 |
| Type D (Dev.Cnt) | Xxxxxxxx | €07 000 | €07 000 | €07 500 | €07 500 | €05 500 | €07 000 | €07 000 | CHF 07 250 | CHF 06 500 |

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Conference Rules (Condensed)

- IUPAP Conferences are supported either by Financial sponsorship, or through Endorsement

| IUPAP Supports Conferences in two ways | |
|---|---|
| **Financial Sponsorship** | **Endorsement** |
| There is a deadline to submit applications | Application for Endorsement of Conferences can be submitted any time (without a deadline) |
| Support for type A, B and D type of conferences includes financial grant payable 4-5 months before the conference is held | Support for Endorsed Conferences is granted without financial allocation |
| Commissions and Affiliated Commissions required to submit recommendations of conferences they wish to be supported; decision for final approval remains the responsibility of Council | Commissions, Affiliated Commissions, and Working Groups can submit recommendations for Endorsement of Conferences |

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Conference Selection Criteria

1. **Scientific Value and Composition of Organizing Committee:**
   Justification to continue a series and, for new conferences, a clear statement of purpose on the relationship with existing conferences. Advisory and Program Committee members should be experts.

2. **International Character and Accessibility:**
   Only international conferences are considered for sponsorship. They must have a fairly representative international advisory committee. If a series, the conference must move amongst countries and continents. Participation should be genuinely international.

3. **Free Circulation of Scientists:**
   The free circulation of scientists for scientific purposes is a major piece of IUPAP policy. The principle of the Universality of Science is fundamental to scientific progress. This principle embodies freedom of movement, association, expression and communication for scientists, as well as equitable access to data, information and research materials.

4. **Inclusion of Women:**
   It is the policy of IUPAP that all IUPAP sponsored conferences must include women on the organising and program committees and as invited speakers. The application should include a list of the program committee with evidence that women are included, and the numbers of women invited speakers should be recorded in the conference report.

# IUPAP Conference Selection Criteria (Update Reg Fee position)

## 5. Registration Fee: Affordable Conference Fees

**Affordable Registration fee for 2025, 2026 set at 300 CHF**

To ensure that conferences are accessible to physicists from all countries, organizers of IUPAP-supported conferences are urged to explore various mechanisms to ensure that the supported conference is accessible to physicists at all stages of their careers, including through the offering of maximum affordable conference-registration fees categories, or whatever alternative form of support which would facilitate participation of physicists in general, and of women, students and delegates from developing countries in particular. The IUPAP Council resolved at the 33rd IUPAP General Assembly held in Hainan, China in October 2024 that for the 2025 IUPAP-supported conferences, the amount of 300 CHF is considered reasonably sufficient for an affordable conference-registration fee category. The IUPAP Council will periodically review the magnitude of the maximum affordable conference registration fee on an on-going basis, taking into account a variety of factors, including globally prevailing and dynamic economic conditions

## 6. Harassment

IUPAP insists that all participants at IUPAP conferences should be able to enjoy the conference and its benefits free of discrimination and harassment. To emphasise this policy and to indicate that remedies are available to those who are harassed or discriminated against, all IUPAP supported conferences are required to publish the following statement on their website and in all publications related to the Conference.

*"It is the policy of the International Union of Pure and Applied Physics (IUPAP) that all participants in Union activities will enjoy an environment which encourages the free expression and exchange of scientific ideas, and is free from all forms of discrimination, harassment, and retaliation. The conference organisers will name an advisor who will consult with those who have suffered from harassment and who will suggest ways of redressing their problems, and an advisor who will counsel those accused of harassment. The conference organisers may, after due consideration, take such action they deem appropriate, including warning or expulsion from the conference without refund" [Name Advisor….]*

# IUPAP Conference Selection Criteria

**7. Submission of Signed IUPAP Conference Policy Forms**

"Organizers of all conferences selected to receive IUPAP financial sponsorship and/or IUPAP Endorsement shall submit a signed IUPAP Policy form which shall have been sent to them as part of the IUPAP secretariat documentation notifying the organizers of the outcome of their IUPAP application for conference support. The signing of the IUPAP Conference Policy form indicates formal acceptance by organizers to abide by all IUPAP conference guidelines and conditions of grants, including the requirements related to the free circulation of scientists, offering of affordable registration fee categories, the inclusion of women and the short web-based conference report to be submitted after the Conference, together with the names of the officers who advise on harassment issues "

**8. Bank Transfer of Allocated Conference Grant**

*"As part of the content of the Signed IUPAP Policy form, Conference organizers shall provide institutional banking information required to facilitate the transfer of IUPAP Conference allocated funds. IUPAP does not accept the use of personal banking accounts to facilitate transfer of allocated IUPAP Conference grant funds. Use of conference or institutional bank account is preferred. Upon receipt of the signed IUPAP Policy form, including banking details, the IUPAP secretariat shall process the inter-bank transfer of allocated funds approximately four months prior to the date of the commencement of the conference event. Allocated funds shall not be transferred to the prospective recipient party in cases where the IUPAP Policy form is not completed and submitted as required."*

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Conference Rules (Condensed)

- IUPAP Conferences are supported either by Financial sponsorship, or through Endorsement

| IUPAP Supports Conferences in two ways | |
|---|---|
| **Financial Sponsorship** | **Endorsement** |
| There is a deadline to submit applications | Application for Endorsement of Conferences can be submitted any time (without a deadline) |
| Support for type A, B and D type of conferences includes financial grant payable 4-5 months before the conference is held | Support for Endorsed Conferences is granted without financial allocation |
| Commissions and Affiliated Commissions required to submit recommendations of conferences they wish to be supported; decision for final approval remains the responsibility of Council | Commissions, Affiliated Commissions, and Working Groups can submit recommendations for Endorsement of Conferences |

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Conference Rules (Condensed)

- IUPAP Conferences are supported either by Financial sponsorship, or through Endorsement
- To ensure that a conference is considered for IUPAP sponsorship in time, requests *must be made before June 1 of the year preceding the date of the proposed conference*. The request must include all required information as indicated on the application form.
- Physical Locations within IUPAP member nations to be given priority as conference hosts. Online and internet-based platforms should be fairly accessible to the wider community.
- IUPAP support to be given to best and most deserving conferences, previous funding not a *guarantee* for future support.
- Conference fees should be stated, requested amount should not exceed IUPAP limit
- Travel grants should be used to support physicists from developing countries
- Presence of women on LOCs and as invited speakers a condition for IUPAP support

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Procedure & Guidelines for Conference Sponsorship:

1. Conference Organizers should complete online IUPAP Application form for conference sponsorship. Completed copy of the application form sent to relevant Commission chair and secretary, and also received by the IUPAP secretariat. Due date for online submission of applications is 1 June of the year preceding the date of the proposed conference.

2. Information submitted on the application form must reflect that the organizers conform with the general IUPAP policies and guidelines for conference sponsorships, in particular the Scientific Value of the conference, the Scientific integrity of the Organizing and Advisory Committees, the International Character of the conference, and compliance with IUPAP registration fee threshold.

3. Composition of Committees should reflect clearly the scientific quality of conference together with gender diversity of participants. In particular a list of programme committee members should be provided with clear evidence that women are included.

4. Organizers should state financial measures in place to assist young scientists from developing countries.

5. Conference organizers expected to publish the Statement on Free Circulation of Scientists and Statement on Harrassment in any circular or announcement and in the conference proceedings.

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

## IUPAP Procedure and Guidelines for Conference Sponsorship:

6. Travel grants awarded to Type A conferences should be used to assist scientists travelling from Developing Countries. Traveling grants distributed by conference organizers themselves and NOT awarded to individuals directly by IUPAP.

7. Organizers encouraged to avoid conflicting dates with those of related conferences. Contact details of conference secretary and chief conference organizer are required for correspondence purposes.

8. Supplied information should include a statement of plans for dissemination of results or proceedings.

9. After the conference, organizers MUST complete the Conference Report Form online, which, like the original application form, should be sent to the IUPAP Commission chair and Secretariat. The report must contain all the basic information required, with exact numbers of participants, invited speakers, number of women participants, number of women invited speakers and number of women in conference organizing committees. Such report is used as an assessment tool to check if the conference complied with IUPAP rules.

10. Conference Report Form addition on Section 3: "*The names and contact details of Conference Officers who were designated as Conference Advisors on Harrassment Issues*"

***It is strongly recommended that when organizing conferences, conference organizers should make provision for conference sessions to be remotely accessible***

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

## Proceedings

Every effort should be made to have the proceedings of the conference published, in print or electronically, in order to make them widely and easily available to the scientific community. Publication of proceedings as a special issue of a regular journal or on the internet is encouraged.

https://pos.sissa.it/cgi-bin/reader/families.cgi.

## GENERAL PRINCIPLE

***IUPAP should not support any Conference that does not abide by the conference guidelines and principles***

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

# IUPAP Commissions Expected to Prioritize

1. **Forward to the IUPAP secretariat the prioritized lists of Applications for Conference Sponsorships by no later than 31 August (A few commissions send their list in September. The October C&CC to take allocation decisions ratified by Council)**

2. **Help the secretariat to follow-up on conference organizers who fail to submit reports after the conference is held. Conference reports extremely important for Council to track not only the participation of women, but also to assess if the conferences are being conducted in accordance with the IUPAP conference guidelines**

Council encourages all Conference Organizers and Commission chairs to promote the IUPAP-supported programmes and campaigns (eg Centenial celebrations, IYBSSD, IDSSD) at all conferences supported by IUPAP. All conference organizers (of sponsored or endorsed) would receive as part of the correspondence communicating outcome of their applications, IUPAP Generic posters which they are encouraged to display at strategic locations at conference venues, on the websites and in other conference promotional materials or sites

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

- **LETTER OF AWARD SENT TO CONFERENCE ORGANIZERS**

| | CORRESPONDENCE TO CONFERENCE ORGANIZERS |
|---|---|
| **1.** | IUPAP Conference Letter of Award |
| **2.** | IUPAP Financial Policy Form |
| **3.** | IUPAP Poster |
| **4.** | IUPAP Early Career Scientist Prize Poster |
| **5.** | IUPAP-Introduction Presentation |
| **6.** | IUPAP Logo |

***Communication will be issued to conference organizers to convey the final decisions of the Council. Correspondence addressed to Conference organizer and ccd to Commission Chair***

# Challenges

- Late submission of conference reports

**Resolution 10: IUPAP 2021 General Assembly:** Regarding Endorsed Conferences:
Taking into account the Endorsement of Conferences allows conference organizers to reflect on their promotional material their association with IUPAP without necessarily having to secure IUPAP financial sponsorship, noting that the relatively more flexible mechanism of Conference Endorsement currently runs/evolves time-independent without a submission deadline, and considering that currently Conference Endorsement can only be channeled through IUPAP Commissions, the 30th IUPAP GA resolved as follows:

1. Extend the function/duty/responsibility of recommending approval of Endorsement of Conferences to include all IUPAP **Working Groups** in addition to the Commissions and Affilliated Commissions ✓

International Union of Pure and Applied Physics

To stimulate and facilitate international cooperation in physics and the worldwide development of science.

- **SPECIAL IUPAP CONFERENCES**

# INTERNATIONAL UNION OF PURE AND APPLIED PHYSICS

IUPAP Centenary YEARS 1922 - 2022

**Advancing physics across international boundaries for the past 100 years**

## INTERNATIONAL COMMISSIONS

C1: Commission on Policy and Finance
C2: Commission on Symbols, Units, Nomenclature, Atomic Masses and Fundamental Constants
C3: Statistical Physics
C4: Astroparticle Physics
C5: Low Temperature Physics
C6: Biological Physics
C8: Semiconductors
C9: Magnetism
C10: Structure and Dynamics of Condensed Matter
C11: Particles and Fields
C12: Nuclear Physics
C13: Physics for Development
C14: Physics Education
C15: Atomic, Molecular, and Optical Physics
C16: Plasma Physics
C17: Laser Physics and Photonics
C18: Mathematical Physics
C19: Astrophysics
C20: Computational Physics

## AFFILIATED COMMISSIONS

AC1: International Commission for Optics
AC2: International Commission on General Relativity and Gravitation
AC3: International Commission for Acoustics
AC4: International Commission on Medical Physics

## WORKING GROUPS

WG1: International Committee for Future Accelerators (ICFA)
WG2: Communication in Physics
WG5: Women in Physics
WG7: International Committee on Ultrahigh Intensity Lasers (ICUIL)
WG9: International Cooperation in Nuclear Physics (ICNP)
WG10: Astroparticle Physics International Committee (ApPIC)
WG11: Gravitational Wave International Committee (GWIC)
WG12: Energy
WG13: Newtonian constant of Gravitation
WG14: Accelerator Science
WG15: Soft Matter
WG16: Industry
WG17: Centenary

## AIMS

- To stimulate and promote international cooperation, communication, research and education in physics;
- To foster inclusiveness and diversity in physics;
- To uphold openness, honesty and integrity in the practice, application and promotion of physics;
- To support the free circulation of scientists;
- To promote international agreements on symbols, units and nomenclature; and cooperating with other organizations on disciplinary and interdisciplinary problems.
- To help in the application of physics toward solving problems of concern to humanity.

## 2022

### The yearlong CENTENARY celebrations will:

- Increase awareness of physics discoveries and the close ties among physicists at research centres globally.
- Stimulate worldwide interest in physics and science, as a tool for education and a motor of innovation, technology & economic development.
- Reach out to the global physics community, national science organisations, policy-makers, societies, students, families and the general public.

## Inter Union Relations

## Conference Sponsorship

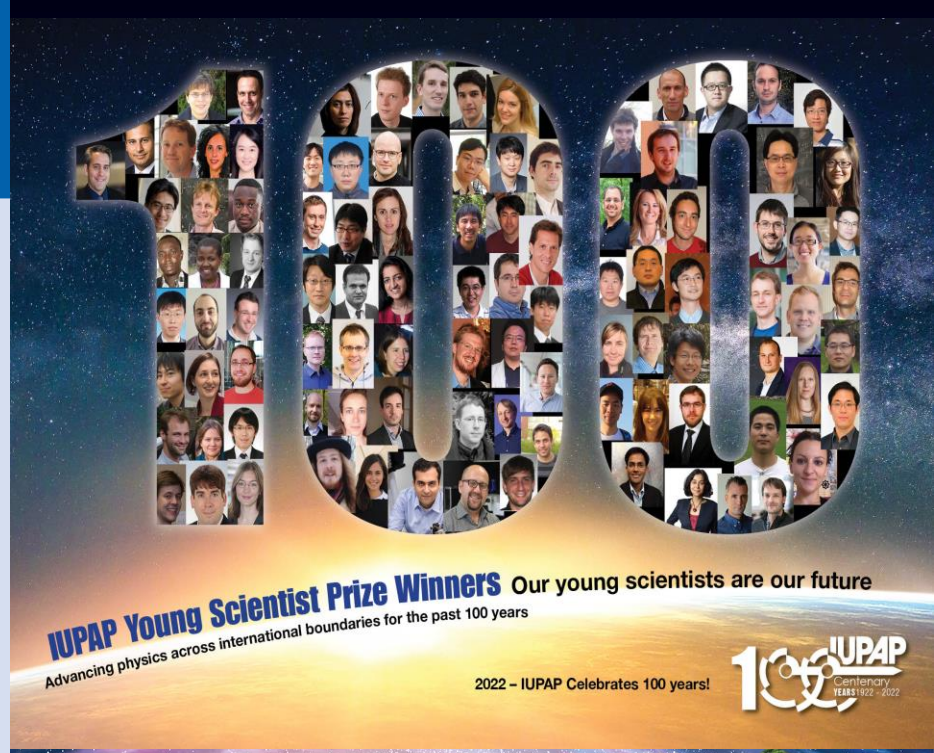

Each year, IUPAP sponsors and endorses – 50 conferences annually with special attention given to those held in developing countries.

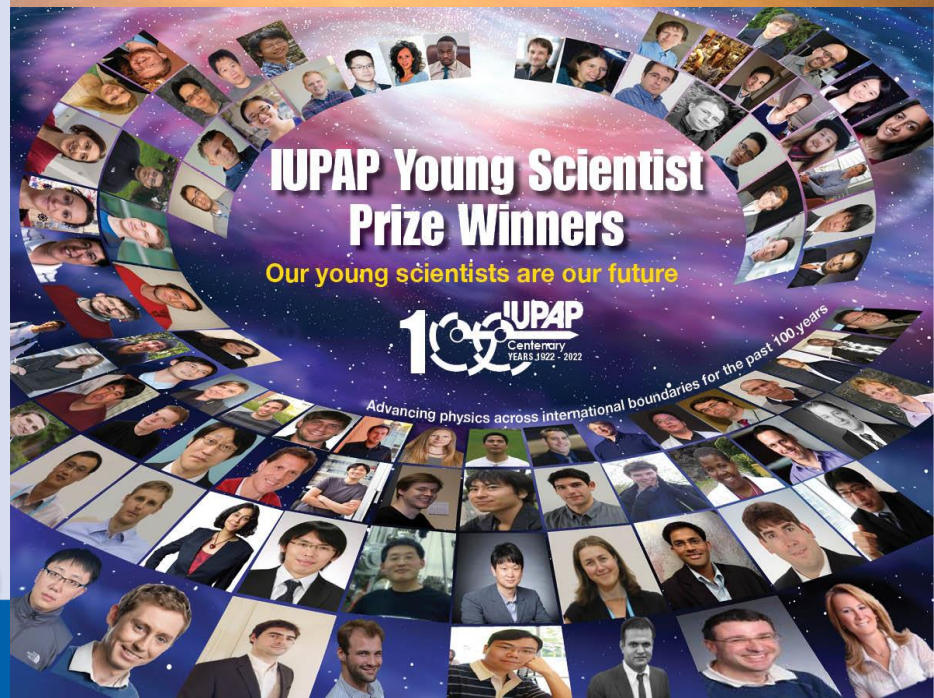

## Young Scientist Awards & Commission Awards

– 200 prizes have been awarded in the last 10 years
