# Membership Changes

Resolution 2

**Change of adhering body for the United States of America**

The 35th IUPAP General Assembly notes the change of adhering body for United States of America.

IUPAP thanks the National Academy of Sciences for all the years the two entities have worked closely together and welcome the American Physical Society as the new US partner.

# Membership Changes

Resolution 3

**Ratification of Council decision: Change of membership category for Singapore: move from category 2 to 1**

The 35th IUPAP General Assembly ratifies the Council's approval of the change of membership category for Singapore, which implies that Singapore will move from category 2 to category 1.

# Membership Changes

Resolution 4

**One year extension of the membership of Nepal as an IUPAP ATM**

The 35th IUPAP General Assembly, *referring to* the terms of the Memorandum of Understanding (hereafter "MoU") signed between the Nepal Physical Society (NPS) and IUPAP in 2023, covering the years 2024 to 2026, and *noting* the catastrophic floods in Nepal, it is resolved that the MoU should be extended to September 2027 to allow the Nepal Physical Society adequate time to submit a self-evaluation report on how it has used its Associate Territorial Membership status to advance physics in Nepal.

# Membership Changes

Resolution 5

**Admission of the Latin American Center for Physics (CLAF) as a Corporate Associate Member with one unit**

The 35th IUPAP General Assembly, welcomes the Latin American Center for Physics (CLAF) as a Corporate Associate Member of the Union with immediate effect. CLAF is admitted to the union with one membership unit, which should be financially honoured as of January 2027.
