

Session Program

1-12 Jul 2024

UK HEP Instrumentation Summer School

Electrical characterisation

Tuesday 2 July

09:00

Electrical characterisation: Group C1

Session | Location:

10:30

11:00

Electrical characterisation: Group C1

Session | Location:

12:30

13:30

Electrical characterisation: Group C1

Session | Location:

15:00

15:30

Electrical characterisation: Group C1

Session | Location:

17:00

Wednesday 3 July

09:00

Electrical characterisation: Group C1

Session | Location:

10:30

11:00

Electrical characterisation: Group C1

Session | Location:

12:30

13:30

Electrical characterisation: Group C1

Session | Location:

15:00

15:30

Electrical characterisation: Group C1

Session | Location:

17:00

Thursday 4 July

09:00

Electrical characterisation: Group B1

Session | Location:

10:30

09:00

Electrical characterisation: Group B2

Session | Location:

10:30

11:00

Electrical characterisation: Group B1

Session | Location:

12:30

11:00

Electrical characterisation: Group B2

Session | Location:

12:30

13:30

Electrical characterisation: Group B1

Session | Location:

15:00

13:30

Electrical characterisation: Group B2

Session | Location:

15:00

15:30

Electrical characterisation: Group B1

Session | Location:

17:00

15:30

Electrical characterisation: Group B2

Session | Location:

17:00

Friday 5 July

09:00

Electrical characterisation: Group B1

Session | Location:

10:30

09:00

Electrical characterisation: Group B2

Session | Location:

10:30

11:00

Electrical characterisation: Group B1

Session | Location:

12:30

11:00

Electrical characterisation: Group B2

Session | Location:

12:30

13:30

Electrical characterisation: Group B1

Session | Location:

15:00

13:30

Electrical characterisation: Group B2

Session | Location:

15:00

15:30

Electrical characterisation: Group B1

Session | Location:

17:00

15:30

Electrical characterisation: Group B2

Session | Location:

17:00

Monday 8 July

09:00

Electrical characterisation: Group A1

Session | Location:

10:30

09:00

Electrical characterisation: Group A2

Session | Location:

10:30

11:00

Electrical characterisation: Group A1

Session | Location:

12:30

11:00

Electrical characterisation: Group A2

Session | Location:

12:30

13:30

Electrical characterisation: Group A1

Session | Location:

15:00

13:30

Electrical characterisation: Group A2

Session | Location:

15:00

15:30

Electrical characterisation: Group A1

Session | Location:

17:00

15:30

Electrical characterisation: Group A2

Session | Location:

17:00

Tuesday 9 July

09:00

Electrical characterisation: Group A1

Session | Location:

10:30

09:00

Electrical characterisation: Group A2

Session | Location:

10:30

11:00

Electrical characterisation: Group A1

Session | Location:

12:30

11:00

Electrical characterisation: Group A2

Session | Location:

12:30

13:30

Electrical characterisation: Group A1

Session | Location:

15:00

13:30

Electrical characterisation: Group A2

Session | Location:

15:00

15:30

Electrical characterisation: Group A1

Session | Location:

17:00

15:30

Electrical characterisation: Group A2

Session | Location:

17:00

Wednesday 10 July

09:00

Electrical characterisation: Group D1

Session | Location:

10:30

09:00

Electrical characterisation: Group D2

Session | Location:

10:30

11:00

Electrical characterisation: Group D1

Session | Location:

12:30

11:00

Electrical characterisation: Group D2

Session | Location:

12:30

13:30

Electrical characterisation: Group D1

Session | Location:

15:00

13:30

Electrical characterisation: Group D2

Session | Location:

15:00

15:30

Electrical characterisation: Group D1

Session | Location:

17:00

15:30

Electrical characterisation: Group D2

Session | Location:

17:00

Thursday 11 July

09:00

Electrical characterisation: Group D1

Session | Location:

10:30

09:00

Electrical characterisation: Group D2

Session | Location:

10:30

11:00

Electrical characterisation: Group D1

Session | Location:

12:30

11:00

Electrical characterisation: Group D2

Session | Location:

12:30

13:30

Electrical characterisation: Group D1

Session | Location:

15:00

13:30

Electrical characterisation: Group D2

Session | Location:

15:00

15:30

Electrical characterisation: Group D1

Session | Location:

17:00

15:30

Electrical characterisation: Group D2

Session | Location:

17:00
