

Session Program

October 31, 2026 to November 4, 2026

1st International Conference on 2D Heterostructures and Moirés

2nd Block

Nanjing, China, Nanjing University

Sat, October 31

2:00 PM
2:40 PM
2:40 PM
3:20 PM
3:50 PM
4:30 PM
4:30 PM
5:10 PM
5:10 PM
5:50 PM

2nd Block: Lei Wang

Session | Location: Nanjing, China, Nanjing University | Convener: Lede Xian

2nd Block: Michael Sentef "Engineering Quantum Materials with Light: From Floquet States to Cavities and Light-Induced Pairing"

Session | Location: Nanjing, China, Nanjing University | Convener: Prof. Lede Xian

2nd Block: Peizhe Tang

Session | Location: Nanjing, China, Nanjing University | Convener: Prof. Lede Xian

2nd Block: Naizhou Wang

Session | Location: Nanjing, China, Nanjing University | Convener: Prof. Lede Xian

2nd Block: Zhiyuan Sun: "Predicting light induced nonequilibrium states by the ponderomotive force"

Session | Location: Nanjing, China, Nanjing University | Convener: Prof. Lede Xian
