

Session Program

October 31, 2026 to November 4, 2026

1st International Conference on 2D Heterostructures and Moirés

6th Block

Nanjing, China, Nanjing University

Mon, November 2

2:00 PM

6th Block: Xiaobo Lu

Session | **Location:** Nanjing, China, Nanjing University | **Convener:** Michael Sentef

2:40 PM

2:40 PM

6th Block: Emil Vinas Bostroem: "Engineering Quantum Materials through Hyperbolic Vacuum Fluctuations"

Session | **Location:** Nanjing, China, Nanjing University | **Convener:** Michael Sentef

3:20 PM

3:50 PM

6th Block: Xiaoxue Liu

Session | **Location:** Nanjing, China, Nanjing University | **Convener:** Michael Sentef

4:30 PM

4:30 PM

6th Block: Shibin Deng: "Exciton dynamics and Transport in Moiré Superlattices"

Session | **Location:** Nanjing, China, Nanjing University | **Convener:** Michael Sentef

5:10 PM

5:10 PM

6th Block: Liguao Ma

Session | **Location:** Nanjing, China, Nanjing University | **Convener:** Michael Sentef

5:50 PM
