

Session Program

October 31, 2026 to November 4, 2026

**1st International Conference on 2D
Heterostructures and Moirés**

7th Block

Nanjing, China, Nanjing University

Tue, November 3

8:40 AM	7th Block: Wang Yao: "Cooperative electrodynamics of hybrid moire excitons and their condensates in MoTe2 moire bilayer"
9:20 AM	Session Location: Nanjing, China, Nanjing University Convener: Dante Kennes
9:20 AM	7th Block: Zhongkai Liu
10:00 AM	Session Location: Nanjing, China, Nanjing University Convener: Prof. Dante Kennes
10:30 AM	7th Block: Yong P. Chen
11:10 AM	Session Location: Nanjing, China, Nanjing University Convener: Prof. Dante Kennes
11:10 AM	7th Block: Wei Yang: "Quantum metric, quantum fluctuations in a flatband moiré superconductor"
11:50 AM	Session Location: Nanjing, China, Nanjing University Convener: Prof. Dante Kennes
