

Timeline and Next steps

Coming weeks

- Will send out for comments
 - Charter V02
 - Expression of Mutual Interest DRAFT
- Will send out for approval: charter
- Will ask for election of Co-Chairs

Timeline and Next steps

End of June

Collect possible proposals for WGs topics of mutual interest (e.g. shared R&D themes or joint accelerator studies)

Accept proposals for new collaborators to join the board

End August

Vote on the Expression of Mutual Interest and the collaboration charter for approval

All working groups established and active with AI support links

End of 2026 Working toward a common fellowship program with CERN, starting in 2026 with a call for applications. Remain open to participation from other labs for exchange of early-career researchers (promoting ECR mobility and cross-lab training)
