

Session Program

12 June 2026

Hybrid Workshop - Automated Text Recognition of Historical Sources: From convolutional neural networks to vision language models

Session 1

Austrian Academy of Sciences, 3rd floor, seminary rooms 2 and 3
Georg-Coch-Platz 2, 1010, Vienna

Friday 12 June

09:00

Session 1

Session |

Location: Austrian Academy of Sciences, 3rd floor, seminary rooms 2 and 3, Georg-Coch-Platz 2, 1010, Vienna

09:00–09:30

Auditing ATR Datasets: From CER to CERatorsaurus

Speakers

Jan Odstrčilík, Martin Roček

09:30–10:00

Building HTR Models for an Underresourced Language: The Case of Medieval Czech

Speaker

Anna Michalcová

10:00–10:30

Reading the Stars with AI: Handwritten Text Recognition (HTR) for Astronomical Text

Speaker

Doris Vickers

10:30
