Session Program

22–27 Nov 2026

2026 Workshop on Fixed Field Alternating Gradient Accelerators (FFA'26)

Design Techniques

David Caro Building, Hercus Lecture Theatre
The University of Melbourne

Friday 27 November

09:00

Design Techniques

Session | **Location:** David Caro Building, Hercus Lecture Theatre, The University of Melbourne

09:00–09:20

Statistical Lattice Design and Topological Selection of a 300–600 MeV Scaling FFA Proton Driver for the CSNS-II Upgrade

Speaker
Bin Wu

09:20–09:40

Computational methodology for the design of achromatic beamlines

Speaker
Simon Barg

10:30
