

Peter Maccallum

Chief Technical Officer
ELIXIR

Dr. Peter Maccallum is Chief Technical Officer of ELIXIR, Europe's distributed research infrastructure for life science data, where he leads the design and implementation of ELIXIR's technical strategy and oversees developments across ELIXIR's Platforms and Communities. He coordinates the Horizon Europe project 'EOSC-ENTRUST – European network of trusted research environments,' and the thematic 'EOSC Life Sciences Connect Node' operated in partnership with the European Molecular Biology Laboratory, Euro-Bioimaging ERIC and Instruct-ERIC.

Peter's career has led data solutions and research computing teams in universities and for the pharmaceutical industry, including Cancer Research UK's Cambridge Institute, University College London, and AstraZeneca. Peter holds a BSc in chemistry from Edinburgh University and PhD in biochemistry from Glasgow University.
