

Roberto Sabatino

Research Engagement Officer
Asiera

Roberto Sabatino has been the Research Engagement Officer at Asiera (formerly HEAnet) since November 2025. One of his key responsibilities is to develop and deliver the national EOSC strategy in Ireland. As part of this work, he is now the PI for the EOSC.IE project, which over the course of 2026 will specify the initial setup, roadmap, governance and sustainability of a national Irish EOSC Node.
