

Annika Glauner

Deputy Coordinator, EOSC Node
Switzerland
Senior Science Policy & Strategy
Advisor, ETH Zurich

Annika Glauner is the Deputy Coordinator of the EOSC Node Switzerland and a member of the Research Initiatives & Infrastructures (RII) team at ETH Zurich. Her responsibilities include EOSC, ESFRI and the Swiss Research Infrastructure Roadmap. Before joining RII in 2024, she spent over 17 years at the joint grants office of ETH Zurich and the University of Zurich, where she was Head of International Research Policy and Strategy. In this role, she focused on research policy, international collaboration, and institutional relations with European and US research and innovation programmes. Earlier in her career, she held roles at ZKM Karlsruhe, Philips Design Eindhoven and an international new media festival in Basel. She studied in Berlin, London and Zurich.
