

Antje Keppler

Director, Euro-BioImaging ERIC Bio-Hub

Director, EOSC Association

Antje Keppler is Director of the Euro-BioImaging ERIC Bio-Hub, hosted by EMBL in Heidelberg, Germany. She leads an international team coordinating Euro-BioImaging's pan-European services for biological imaging, including open access to advanced imaging technologies, expertise, training, and image data services.

She also coordinates Global BioImaging, an international network connecting imaging communities and research infrastructures across more than 70 countries, promoting open science, capacity building, and global access to imaging services.

Since 2026, Antje has served on the Board of Directors of the EOSC Association, contributing a research infrastructure and community perspective to the European Open Science Cloud. From 2023 to 2025, she chaired the ERIC Forum.

eosc Symposium 2026

She trained as a biochemist at Ruhr University Bochum and obtained her PhD in chemical biology from EPFL.
