

Paolo Manghi

Head of Research
Istituto di Scienza e Tecnologie
dell'Informazione (ISTI)

Paolo Manghi (<http://orcid.org/0000-0001-7291-3210>) is Head of Research at the InfraScience Lab at Istituto di Scienza e Tecnologie dell'Informazione (ISTI) of Consiglio Nazionale delle Ricerche (CNR), in Pisa, Italy. He is the head of the Scholarly Communication Infrastructures research group featuring 12 researchers, technologists, and technicians, counting 10+ year expertise in the field of digital scholarly communication and Open Science e-infrastructure. Since 2009, he has been appointed as Chief Technology Officer of the OpenAIRE AMKE non-profit company, operating the European Open Science scholarly communication infrastructure. He is steering the vision and supervising the technical roadmap of the OpenAIRE Graph and services in support of Open Science publishing, monitoring, assessment, data management, and discovery.
