

Ivan Marić

Director, University of Zagreb
University Computing Centre (SRCE)
Croatian delegate, EOSC Steering
Board

Ivan Marić is the Director of University of Zagreb University Computing Centre (SRCE). He played an important role in the creation and construction of the Croatian academic and research network at the beginning of the 1990's and has since then participated in numerous national and pan-European initiatives aiming to build a Croatian and European e-infrastructure for research and higher education. Ivan Marić holds several positions in international organisations as the national representative for Croatia. He is the Croatian delegate to the EOSC Steering Board.
