

Ornella De Giacomo

Deputy Executive Director, CERIC-ERIC

Dr. Ornella De Giacomo has served as Deputy Executive Director of CERIC-ERIC since 2015.

She brings more than 20 years of experience in large-scale analytical Research Infrastructures, having initially engaged as a user and subsequently progressing to operational and managerial roles. Over the course of her career, she has developed extensive expertise in governance, coordination, and strategic management within European Research Infrastructure Consortia (ERICs). In particular, has gained professional experience within EPOS, where she served for over a year in the Management Unit.

She led the Sustainability WP of the PaNOSC cluster and was a member of the and the EOSC Association Task Force on “Financial Sustainability of EOSC” (2022–2024). Other advisory roles include membership in the EPOS Sustainability Phase Advisory Board (2018–2020) and chairing the EPOS ON Advisory Board (from 2024), member

eosc Symposium 2026

of the Research Infrastructure Advisory Board (RIAB) of E-RIHS (2024),
and of the Conseil Scientifique of E-RIHS France (2019–2021).
