

Wim
Hugo

Head of Secretariat, EUDAT
Chief Technology Officer, DANS

Wim Hugo is the Head of Secretariat of EUDAT, and until the end of this year, the CTO of DANS in the Netherlands. He has a decades-long involvement in research data infrastructures and open science decision and policy support, and in several global and regional initiatives that support it: the World Data System, CoreTrustSeal, RDA, iLTER, and GEO/ GeoBON. He has been active the last 7 years in various European projects, including FAIR's FAIR, FAIRCORE4EOSC, FAIR IMPACT, OSTRails, EOSC Beyond, RDA TIGER, EOSC EDEN, EOSC FIDELIS, EOSC Mesh, and EOSC4ALL.
