

HEP section meeting

17.06.2026

Important: how to rename HEP to become visible by potential students

High Energy Physics, HEP-CERN,

High Energy Particle-Nuclear-Accelerator Physics

What have we done in 2025/2026 and what will we do in 2026/2027

Regular section meetings preliminary each second Thursday of the month

NEXT will be **10.09**

Christmas Party 4,**11** or 18.12, should be fixed very soon

Outreach and recruiting of the students

Other mutual events as BBQ, Swimming-climbing-cycling-skiing-....

Holmenkollstafetten 2027/2026

HEP in future

- Connection to the hot and UiO subsidized topics like
Artificial intellect, Machine Learning, Nuclear Physics, Nuclear Technology and Quantum Technology
- HEP participation in the study programme, this year we got many new master students from Nuclear technology programme
- Nomination to the prizes
- Applications to NFR FRIPRO (new format from mid of Autumn 2026) and ERCs,
<https://cas-nor.no> 3.2mln and 750 knok
- HEP Web page, Master students topics
- Friday 19.06 celebration with cakes of all Master students at 12:15

Thanks a lot for participation
