

Welcome to the first ever PEARLS days

Valerie Lang

University of Freiburg

PEARLS days, 22-24 September 2026

22.09.2026

PEARLS

Precision in Energy-aware AI Research
for Low-carbon Solutions

With funding from the:

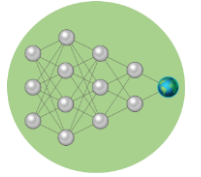

Federal Ministry
of Research, Technology
and Space

universität freiburg

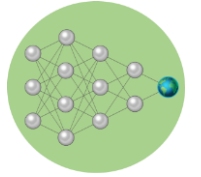

Agenda and online connection

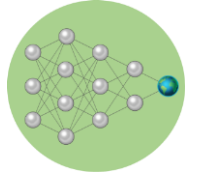

- Agenda on Indico
 - <https://indico.global/event/18683/timetable/?view=standard>
 - Please upload your slides there, ideally before the talk
 - If you have difficulties doing so, let me know or send the slides to me: valerie.lang@physik.uni-freiburg.de
- Discussions per talk
 - Should have ample time for that → Feel free to ask your questions
- Online connection:
 - <https://uni-freiburg.zoom-x.de/j/68360580815?pwd=xL3b1hzYRnYkDCTK2aAlqnI1ihp2r0.1>
 - Should be valid for the entire meeting – Please let me know if you have connection problems

Coffee breaks

- Included in the non-existent conference fee 😊
- In the morning:
 - Around 11:10/11:20
 - Will have some crossaints, brezels and coffee, tea
- In the afternoon:
 - Around 15:10/15:30
 - Will have some cake and coffee, tea
- If you want to help set things up or clean things up, please let me know
 - We are a small group, so things are organized just by us

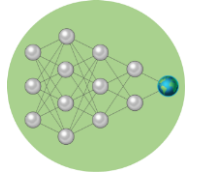

Lunch and Dinner

- Lunch – Wednesday & Thursday
 - In the Mensa Institutsviertel – more or less opposite of the physics institute
 - Payment via mensacard → <https://www.swfr.de/essen/chipkarte/mensacard>
 - 7 EUR deposit required
 - Alternative: We stick together during lunch, and we'll try to take you on our cards (is a bit cheaper) and you refund us directly
- Dinner – Wednesday, 19:00
 - Unkai City, <https://www.unkai-city-restaurant.de>
 - Kaiser-Joseph-Str. 273, Freiburg
 - All-you-can-eat for 33.90EUR or á la carte
 - About 20min walk from physics institute
 - Leave ~18:30 at the physics institute

Anything else?

- Looking forward to nice discussions
 - Very informal group, so feel free to ask your questions
- If there are any issues or questions arising:
 - Feel free to contact me either directly at the workshop or
 - Via: valerie.lang@physik.uni-freiburg.de
