Session Program

10–11 Dec 2026

Quantum Correlations in Neutrino Oscillations

Applications to specific oscillation experiments

Thursday 10 December

13:30

Applications to specific oscillation experiments

Session

13:30–14:00 **Quantum correlations studies at DUNE baseline and energy**

Speaker
RAJRUPA BANERJEE

14:00–14:25 **LGI study at T2K and HK baseline and energy**

Speaker
Rudolph Rogly

14:25–14:50 **NuSCOPE: a new road to contextuality measurements?**

Speaker
Dr Stephen Dolan

14:50
