## Doubly charmed baryon searches at LHCb

*Friday 15 November 2019 11:10 (10 minutes)*

The main focus of my research work - search for the doubly charmed baryon  $\Xi_{cc}^{++}$  in two different decay channels using data recorded by the LHCb experiment, will be discussed.

**Presenters:** BOBULSKA, Dana (University of Glasgow); SEMAN BOBULSKA, Dana (University of Glasgow (GB))
