

Session Program

21-22 Oct 2019

nuSTORM - the next steps

Detector requirements

CERN, 774/R-013
CERN BE Auditorium; Preessin

Monday 21 October

16:00

Detector requirements

Session | **Location:** CERN, 774/R-013, CERN BE Auditorium; Preveessin

16:00–16:20 **Detector options considered for nuSTORM in the past**

Speaker

Paul Soler Jermyn

16:20–16:40 **Near detector options for DUNE: how can nuSTORM benefit?**

Speakers

Albert De Roeck, Albert De Roeck

16:40–17:00 **T2K/Hyper-K near detectors and options for nuSTORM**

Speaker

Dr Stephen Joseph Dolan

17:00–17:20 **Detectors for sterile neutrino searches at nuSTORM**

Speaker

Prof. Jonathan Link

17:20–17:30 **Discussion**

17:30
