Secondment opportunities

Compulsory long secondment:

- Hosted by a software company, applications mostly in progress or complete.
- 3 months' duration.
- Preferentially in years 1 or 2 of the fellowship.

Optional second secondment:

- Hosted by a company applying the skills you are building to different types of problems.
- Opportunity to 'try out' working in industry and build new contacts.
- Duration is flexible.
- Preferentially in years 2 or 3 of the fellowship.
