

## **Session Program**

**25 November 2019**

# **Fast timing & low gain silicon pixel detectors: Synchrotron and electron microscopy applications**

## ***Discussion and specification document***

Diamond Light Source, G54, Diamond House

# Monday 25 November

15:15

16:00

## Discussion and specification document: Discussion and specification document

**Session** | **Location:** Diamond Light Source, G54, Diamond House

15:15-15:20	Description of the aim of the discussion
15:20-15:50	Discussion and input to the specification document
15:50-16:00	Wrap up and thanks
