Charm-EU pilot capstone on climate resilience of farming communities

Speaker

Dimitri SORO

16:20

16:30

Joint ST1/ST2/ST5 session: Advancing Interdisciplinarity & Science for water solutions

Session | **Location:** Room 2 | **Conveners:**

Gil MAHE, Rodric Merime NONKI, Valerie BORRELL ESTUPINA, Madiodio NIASSE

16:30–16:45

Water balance of ponds and their place in the agropastoral society of the Patar commune (Senegal)

Speaker

Fatou DIOUF

Location

Room 2

16:45–17:00

Transdisciplinarity - a need for the education of people on the Climate Change: the example of GFS in Senegal**Speaker**

Didier ORANGE

Location

Room 2

17:00–17:15

Co-managing scarce water resources in agricultural areas: A stakeholder centred approach**Speaker**

David GWAPEDZA

Location

Room 1

17:15–17:30

Delegation of public drinking water service management - an alternative to the community management model for improving access to water in rural Senegal.**Speaker**

Samba BA

Location

Room 2

17:30–17:40

Integrated stormwater management in a context of major development of a new city: case of the urban pole of diamniadio (dakar/senegal)**Speaker**

Bandiougou NDIAYE

Location

Room 2

17:40–17:50

Impacts of socio-economic activities on the quality of water resources in the commune of darou khoudoss.**Speaker**

Vieux Malang DIATTA

Location

Room 2

17:50–18:00

Agriculture urbaine genre et résilience climatique à Korhogo (nord de la Côte d'Ivoire)**Speaker**

Yéboué Stéphane Koissy KOFFI

Location

Room 2
