Pearson Education's digital resources for supporting Physics teaching: Mastering Physics

Tuesday 16 June 2015 08:45 (45 minutes)

This presentation will provide an overview of the online resources which Pearson Education can provide to help support your university physics teaching. We will begin with an overview of how one faculty member has implemented and used Pearson resources in his first-year physics course sequence, and the plans in place for including further tools in the coming year. The presentation will then review other available tools that can help enhance your teaching toolkit.

Presenters: SARTY, Adam (Saint Mary's University); Mrs VARLEY, Claire (Customer Experience Manager – Higher Education, Pearson Canada)

Session Classification: T-PUB Commercial Publishers' Session: Resources to Enhance University Physics Teaching (DPE) / Session des éditeurs commerciaux : Ressources visant à améliorer l'enseignement de la physique à l'Université (DEP)

Track Classification: Physics Education / Enseignement de la physique (DPE-DEP)
