Type: **Invited Speaker / Conférencier invité**

Institut Quantique

Wednesday 31 May 2017 12:00 (30 minutes)

The Institut Quantique (IQ) at the Université de Sherbrooke is an open and collaborative research environment with expertise ranging from fundamental to applied at the interface of quantum information, quantum materials and quantum engineering. In this talk, an overview of the main research directions at IQ will be presented.

Author: Prof. QUILLIAM, Jeffrey (Institut Quantique, Université de Sherbrooke)

Presenter: Prof. QUILLIAM, Jeffrey (Institut Quantique, Université de Sherbrooke)

Session Classification: W2-1 CFREF Projects and Topology in Condensed Matter (DCMMP) | Projets CFREF et topologie en matière condensée (DPMCM)

Track Classification: Condensed Matter and Materials Physics / Physique de la matière condensée et matériaux (DCMMP-DPMCM)
