Thinking of Li-Hong in Outreach Activities from the 5th Grade in Nova Scotia to Kathmandu and the work of IUPAP on Physics for Development

Monday 3 June 2019 13:45 (15 minutes)

Li-Hong's work in outreach was exemplary and we all struggle to carry on her good work. I will try to show some of these attempts: from talking to 5th-graders here, to a 1am Skype lecture to an audience in Pakistan, to making preparations for the World Year of Basic Sciences for Development, as declared by the United Nations. This latter work is being carried out by Commission 13 of IUPAP –Physics for Development.

Author: Prof. STEINITZ, Michael (St. Francis Xavier University)

Presenter: Prof. STEINITZ, Michael (St. Francis Xavier University)

Session Classification: M2-6 Accomplished women inspiring future women in physics: Li-Hong Xu (CEWIP) I Femme accomplie qui inspire de futures physiciennes: Li-Hong Xu (CEFEP)

Track Classification: Women in Physics / Femmes en physique (CEWIP-CEFEP)
