

Canadian Association
of Physicists

Association canadienne
des physiciens et physiciennes

Division of Plasma Physics Online symposium

Welcome participant. This event is
scheduled to start at 10 am EDT on
Tuesday, June 9.

Canadian Association
of Physicists

Association canadienne
des physiciens et physiciennes

Important meeting information

- All participants should be muted and no video during this session.
- During the presentation, you are invited to post any questions in the chat using « <name> question » as the format.
- These questions will be addressed at the end of the presentation.
- The moderator will pose the question, noting who the submitter was. This individual may use the « raise hand » option/link at the bottom of the participant list window to indicate that they have a follow-up question/clarification. They will be called upon to speak at which time they should unmute and can activate their video if desired.

- This meeting will be recorded for use by the CAP office to capture the questions and responses made.
