11:45

M1-8 Frustrated Magnetism (DCMMP) / Magnétisme frustré (DPMCM)

Session | **Location:** Underline Conference System | **Convener:** Michel Gingras

11:45-11:50

(I) Magnetolectric generation of a Majorana-Fermi surface in Kitaev's honeycomb model

Speaker

Jeffrey Rau

11:50-11:54

Questions & answers

11:54-11:59

(I) Magnetic order and spin liquid physics in cluster Mott insulators

Speaker

Jeffrey Quilliam

11:59-12:03

Questions & answers

12:03-12:30

Open discussion period

12:30
