

Session Program

6-11 Jun 2021

**Canadian Association
of Physicists**

**Association canadienne
des physiciens et physiciennes**

2021 CAP Virtual Congress / Congrès virtuel de l'ACP 2021

W2-4 Application of Atmospheric Pressure Plasmas I (DPP) / Applications des plasmas à pression atmosphérique I (DPP)

Underline Conference System

Wednesday 9 June

12:45

W2-4 Application of Atmospheric Pressure Plasmas I (DPP) / Applications des plasmas à pression atmosphérique I (DPP)

Session | **Location:** Underline Conference System | **Convener:** Ahmad Hamdan

12:45-13:10

(I) Controlling Non-thermal Plasmas in Contact with Liquids

Speaker

Stephan Reuter

13:10-13:25

(G*) Statistical investigation on the number and electrical charge of streamers propagating at air-water interface under various discharge conditions.

Speaker

Antoine Herrmann

13:25-13:30

Open discussion period

13:30
