

Session Program

6-11 Jun 2021

**Canadian Association
of Physicists**

**Association canadienne
des physiciens et physiciennes**

2021 CAP Virtual Congress / Congrès virtuel de l'ACP 2021

R1-5 Theory II (DNP) / Théorie II (DPN)

Underline Conference System

Wednesday 9 June

11:45

R1-5 Theory II (DNP) / Théorie II (DPN)

Session | **Location:** Underline Conference System | **Convener:** Rituparna Kanungo

11:45–12:10 **(I) A universal holographic wavefunction for light hadrons**

Speaker

Prof. Ruben Sandapen

12:10–12:20

(G*) Applications of ab initio nuclear theory to tests of fundamental symmetries

Speaker

Michael Gennari

12:20–12:30

(G*) Statistical studies of astrophysical reaction network calculations with correlated uncertainties of nuclear observables

Speaker

Mr Yukiya Saito

12:30
