Transitions to University Physics: Observations About Students and Their Needs

Thursday 12 June 2025 14:15 (30 minutes)

This talk will focus on what students often experience in high school physics programs, and the pedagogy that could support student interest in, and continuation with, a physics education in university. This will take no more than 30 minutes including time for discussion and questions. The speaker, Murray Guest, is the 2021 Award For Excellence in Teaching High School in the Prairies-Northwest Territories Region.
