The new capabilities of the SuperDARN Canada Borealis Radar System

Wednesday 11 June 2025 11:15 (15 minutes)

The SuperDARN Canada team will be releasing the first full version of the Borealis digital radar system software this year. This presentation will outline the newly developed advanced capabilities of the Borealis system and the new experimental modes now available to the SuperDARN Canada radars.

Keyword-1

SuperDARN

Keyword-2

ionosphere

Keyword-3

radar systems

Author: GALESCHUK, Draven (University of Saskatchewan)
