

LRP Brief

# Nuclear Structure

# Priority

**2027 – 2034**

ARIEL is the #1 priority

**2034 – 2041**

Nuclear structure experiments will take advantage of the 3 RIBs and 9000 RIBs hours

What's next?

# My recommendations

Add an abstract for the general public/politician

Add pictures and other relevant info on HQP and their careers

Add pictures to support your EDI strategy and your research

Emphasize the Impact to society, economy

Emphasize the Interconnectedness

Emphasize the Uniqueness of your program

Resources needed: HQP, FTE, \$, sources

How do we proceed from now?
