

# Post-grad matters

Leavers: Francis Newson, Jimmy McCarthy, Richard Mudd, Javier Murillo (leaving within 4 years). Next is Andrew Daniells.

New arrivals:

Kristian Zarebski (LHCb), Georgios Chatzikonstantinidis (LHCb), Maria Brigida Brunetti (NA62), James Kendrick (ATLAS), Daniel Briglin (ATLAS), Elliott Reynolds (ATLAS)

Funding: 2 STFC posts, 1 ERC post, 3 School posts

MPAGS lectures: full programme will start next week.

Academic courses and C++ course, during this term and beginning of next term. We should request students to follow and do the assessment of at least 4 courses in Y1 to be able to progress to Y2. Assessment's results to be monitored by supervisor.

For next year:

3 STFC positions; ERC grant needs to be paired with other funding to cover PhD period.

Similar criteria for recruitment but...

Shall we have interviews in early January as usual ?

Or **if we have an absolute brilliant Y4 candidate**, shall we interview and offer a post as early as November ?
