Friday: FRI-AM - BSM

Session | Location: Chateau Lake Louise, Mount Temple A, Lake Louise, AB, CANADA

08:45-09:45    Astrophysical probes of BSM physics

Speaker  
Katelin Schutz

09:45-10:00  
Searches for BSM physics in non-resonant final states with the ATLAS detector

Speaker  
Bertrand Martin Dit Latour

10:00-10:15  
Searches for BSM physics in resonant final states with the ATLAS detector

Speaker  
Raphael Alain Hulsken

10:15-10:30  
Searches for BSM physics using challenging and long-lived signatures with the ATLAS detector

Speaker  
Laura Elaine Bruce

10:30-10:55    Tea break

10:55-11:20    SHIP

Speaker  
Daniel Bick

11:20-11:30    FASER BSM

Speaker  
Benjamin James Wilson

11:30-11:45    DAMIC-M

Speaker  
Carlos Centeno Lorca

11:45-12:00    Dark sector and tau physics at Belle and Belle II

Speaker  
Hobin Lee

12:00

17:00

Friday: FRI-PM - Flavor

Session | Location: Chateau Lake Louise, Mount Temple A, Lake Louise, AB, CANADA

17:00-17:15    NA62
