Wednesday 5 March

10:00

Session 1: Source Location and Tracking

Session | **Location:** Institute of Physics, London, 37 Caledonian Road London N1 9BU, UK

10:00–10:30

3D Position-Sensing Semiconductor Gamma-Ray Detectors: Current Research on CsPbBr₃ and Commercialization on CZT Imaging Spectrometers

Speaker

Zhong He

10:30–10:45

PRETSL: Proton Recoil Tracking for Source Location

Speaker

Robin Smith

10:45–11:00

Neutron Detection with Sodium Iodide

Speaker

Dr Luke Morris

11:00–11:30

Multi-modal Sensing for Radiation Detection and Imaging: From Robot Dogs to City-scale Networks

Speaker

Reynold Cooper

11:30
