

Session Program

19-21 Jul 2023

**"P-RAD 2023" European Workshop on
Perovskite Radiation Detectors**

Session 1

Thursday 20 July

09:00

Session 1

Session | **Location:** Centro Residenziale Universitario Di Bertinoro, Italy

09:00–09:30

Perovskite thin film detectors for high energy photons and particle at the University of Bologna

Speaker

Beatrice Fraboni

09:30–09:50

Enhancing functionalities of blended 3D hybrid perovskite films detectors

Speaker

Andrea Ciavatti

09:50–10:10

Direct detection of 5 MeV protons by mixed 3D-2D Perovskite Flexible Films

Speaker

Laura Basiricò

10:10–10:30

Record stability for fully passive perovskite-based X-ray detectors through the use of a polymeric template

Speaker

Silvia Colella

10:30
