

## **EPPSU ECR Session**

*Tuesday 8 April 2025 15:30 (30 minutes)*

An update from the early career UK ECFA representatives about the process of the European Strategy for Particle Physics Update and the UK and ECR inputs to the process. This session highlights in particular the relevance of this update to early career researchers, how survey inputs were used to create the ECR white paper input, and how to stay/become involved in this process moving forward. Engagement with the remainder of the UK process will be encouraged via discussion of audience comments.

To provide comments for discussion please use this [Google form](#).

**Authors:** WIEDERHOLD, Aidan; ELLIOT, Alison (Science and Technology Facilities Council STFC (GB)); WATSON, Harriet (The University of Edinburgh (GB)); DOUGAN, Patrick (The University of Manchester (GB))

**Presenters:** WIEDERHOLD, Aidan; ELLIOT, Alison (Science and Technology Facilities Council STFC (GB)); WATSON, Harriet (The University of Edinburgh (GB)); DOUGAN, Patrick (The University of Manchester (GB))
