

Session Program

1-5 Sept 2008

8th International Conference on Position Sensitive Detectors

Gas Pixel Detectors

University of Glasgow
Glasgow G12 8QQ UK

Thursday 4 September

13:30

Gas Pixel Detectors

Session | **Location:** University of Glasgow, Glasgow G12 8QQ UK

13:30–14:10

Gas Pixel Detectors and Beyond

Speaker

Ronaldo Bellazzini

14:10–14:30

New micromegas detectors in the CAST experiment

Speaker

Galan Lacarra Javier

14:30–14:50

First results of the PixelGEM central tracking system of COMPASS

Speaker

Florian Haas

14:50–15:10

A novel large-volume spherical detector with proportional amplification read-out

Speaker

Ioanis Giomataris

15:10
