

Session Program

12-16 Sept 2011

PSD9: The 9th International Conference on Position Sensitive Detectors

Positron Emission Tomography

Monday 12 September

09:40

Positron Emission Tomography

Session | **Convener:** Paul Sellin

09:40–10:00

Development of a gamma-ray imager using a large area monolithic 4x4 MPPC array for a future PET scanner

Speaker

Dr Takeshi Nakamori

10:00–10:20

Position-sensitive Solid-state Photomultiplier Devices

Speaker

Christopher Stapels

10:20–10:40

A modular positron camera for positron emission particle tracking in harsh environments

Speaker

Dr Thomas Leadbeater

10:50
