Technology Roadmap for Detectors for Astronomy

Tuesday, September 13, 2005 1:30 PM (30 minutes)

The future requirements for Astronomy and Astrophysics sensor development covering the sub-mm to X-ray range will be discussed.

Author: Prof. CUNNINGHAM, Colin (Director, Technological Development, Royal Observatory)

Presenter: Prof. CUNNINGHAM, Colin (Director, Technological Development, Royal Observatory)

Session Classification: S5 : Applications in Astronomy and Astrophysics

Track Classification: Applications in Astronomy and Astrophysics
