

Session Program

27 October 2015

1st FTEC Workshop

Control Systems

CERN, 40/S2-D01 - Salle Dirac
40-S2-D01

Tuesday 27 October

11:00

Control Systems

Session | **Location:** CERN, 40/S2-D01 - Salle Dirac, 40-S2-D01 | **Convener:** Manuel Gonzalez Berges

11:00-11:10

Calibration of high resolution phase shifters for a CERN accelerator (BE3524)

Speaker

Veronica Del Pozo Romano

11:10-11:20

Instrumentation of the Controls Configuration Directory Service

Speaker

Jose Luis Gonzalez Arias

11:20-11:30

Development of built-in diagnostics in the RADE framework (EN2746)

Speaker

Sixto Luis Alcoba Banqueri

11:30-11:40

Robotic projects low level control developement (EN2734)

Speaker

Mr Alejandro Diaz Fontalva

11:40-12:00

Development of redundant components for industrial control systems (EN3444)

Speaker

Adrian Crestar Santome

12:00-12:10

Development, modelling and testing of a power converter control system (TE3532)

Speaker

Luis Miguel De Paco Soto

12:15
